

## **Resident Advisor (Pathfinder)**

### **Overview**

The Menninger Clinic is a world leader in psychiatric treatment, research and education.

Pathfinder is the community reintegration program of The Menninger Clinic. Using a person-centered community integration approach, Pathfinder creates positive experiences in recovery by helping participants improve their ability to live, learn, work or volunteer, socialize and continue in therapy.

The Resident Advisor is responsible for providing oversight for clients in residential and day treatment settings as well as assisting clients to improve functioning in academic, work, living, social, and leisure environments through reinforcement of skill and resource development.
