

Job Title	Care Manager II
Employer/ Agency	AccessHealth
Job Description	Responsible for following patients with identified mental health needs in a primary care setting for the Integrated Behavioral Health program and monitoring their response to treatment. The Care Manager (CM) has regular contact with patients and maintains a patient registry in order to track treatment adherence and response. The CM also provides the patient/family with education about the psychiatric disorder and its treatment to empower them. In this job you will provide services for clients identified with HIV/AIDS, utilize community resources to assist patient in understanding and coping with HIV/AIDS, and participate in planning for improved health outcomes by ensuring adherence to treatment plan. The CM will work in collaboration with physicians, nurses, and other staff in issues pertinent to client treatment and adherence.
Qualifications	REQUIRED: Bachelor's Degree in a behavior health discipline from an accredited university. Licensed Baccalaureate Social Worker (LBSW). PREFERRED: Master's Degree in Social Work from an accredited university. Licensed Master Social Worker (LMSW). Spanish-English bilingual.
