

Job Title	BILINGUAL Social Worker
Employer/ Agency	THERAPY 2000
Job Description	The medical social worker is a qualified professional who provides medical social services to patients in the home, with the physician's orders when necessary and works under the supervision of the Director of Rehabilitation or Director of Nursing. Duties Include: Provides rehabilitative and supportive casework geared to restoring patients to their optimum level of social and health adjustment. This includes assisting patients and their families to understand, accept and follow medical recommendations. Performs in-home social services, making home visits to private residences. Helps patients utilize the resources of their families and the community. Either referring the patients to resources or acting as an intermediary on behalf of the patients in their dealings with other health and welfare agencies may accomplish this. Assists patients and their families with personal and environmental difficulties which predispose them toward illness or interfere with obtaining maximum benefits from medical care. These range from counseling members of the patient's family to assisting patients with admission to a nursing home. Requires in-home visits to private residences. Consults with the physician and other members of the health team for the purpose of assisting them to understand significant social, emotional and environmental factors related to the patient's health problems. Prepares clinical/progress notes on the day of the visit and incorporates same in the clinical weekly record; provides summaries and re-evaluations if indicated. Supervises the social work assistant (LMSW) as indicated. Participates in discharge planning and in-service programs; Completes the MSW discharge within the framework of Agency policy. Acts as a consultant to other agency personnel. Communicates effectively with all providing care. Confirms, on a weekly basis, the scheduling of visits with the DCS to coordinate necessary visits with other personnel
Qualifications	Graduate of a school of social work approved by the Council of Social Work Education with a master's degree. One (1) year experience in a medical facility (hospital, clinic, rehabilitation center, etc.) Where the team approach to treatment is utilized. A.C.S.W. certification or be in the process of acquiring certification is preferred, but not required. Licensure by the state, if applicable
