

Job Title	Family Ambassador/Licensed Master or Clinical Social Worker
Employer/ Agency	Silverado Senior Living Kingwood Community
Job Description	This is a dual role with inside sales responsibilities as well as social worker responsibilities. Supports the Community by assisting residents and resident's families to understand and cope with the psychosocial issues related to aging and dementia and optimize the residents' quality of life. Promotes the Community to civic and memory impairment related groups in a manner that illustrates and reflects the quality of community care and programs and communicates clearly the company and mission. Interprets Silverado programs and services to prospective residents and their families from first call through initiation of service. Manage all direct inquiries into the community including appropriate data entry and follow up. Conduct regular tours with perspective families and assist them through the move-in process. Communicate Silverado's mission through public speaking and membership and participation in community events. The ideal candidate will be a strategic thinker, driven by meeting and exceeding sales goals and quotas.
Qualifications	Education: Licensed Clinical Social Worker required. Experience: One or more years of experience working with the elderly. Knowledge and experience working with memory impairment disease residents and their families is highly desirable. Professional or volunteer related experience with memory impairment groups helpful. Proven ability to manage a sales territory and contact database. Proven ability to generate and maintain relationships with new and existing accounts. Several years of sales experience in the healthcare environment. Strong time management skills. Other: Must be able to speak, read and write English. Must be comfortable working in an environment with pets and assisting in the care of community pets, including, but not limited to, dogs, cats, and birds. Willing to demonstrate passion and ability to work with people with Alzheimer's disease and other dementia-related disease.
