Job Title: AmeriCorps Vista
Employer/Agency: Epilepsy Foundation

Job Description:
The Epilepsy Foundation Texas located in Houston, Texas leads the fight to overcome the challenges of living with epilepsy and to accelerate therapies to stop seizures, find cures and save lives. Established in 1983, the Epilepsy Foundation Texas-Houston/Dallas-Fort Worth/West Texas provides a number of programs and services, including: public and professional education and awareness programs, camp and recreation programs for people with epilepsy and their families and specialized medical care throughout the state. As the largest non-government support of epilepsy research, the Epilepsy Foundation is leading the fight to stop seizures, find a cure and overcome the challenges created by epilepsy. We fund research that is focused on a cure for epilepsy and aimed at eliminating seizures, side-effects and other consequences of epilepsy. The Program Resource Development VISTA at Epilepsy Foundation Texas will build capacity through the development of new funding streams and recruitment of volunteers for camp programs and medical clinics. AmeriCorps VISTA members perform only indirect service; interaction with clients will be limited and the member will spend the majority of his or her time in an office setting. However, the Epilepsy Foundation Texas VISTA will play a dynamic role in ending poverty by increasing stakeholder and community engagement outreach activities. As an Epilepsy Foundation Texas Program Resource Development VISTA you will be part of a cohort coordinated by the AmeriCorps VISTA North Texas project at Chisholm Trail RSVP, Inc. Early applications strongly encouraged. To learn more about Epilepsy Foundation Texas, visit www.eftx.org.
