PART I: ACADEMIC GUIDELINES

Academic Requirements

Introduction

Child Welfare Education Project (CWEP) is the Title IV-E Educational Project housed in the University of Houston Graduate College of Social Work (GCSW). CWEP is a partnership with the Texas Department of Family and Protective Services (DFPS) Children’s Protective Services (CPS) that targets graduate students for a specialized Master of Social Work (MSW) education in children and families with the goal of employment in the state CPS. Eligible CWEP students must apply and be formally admitted into the GCSW-MSW Program, meet all curricular and graduation requirements, and complete their MSW degree at the GCSW within the allowable time frame. Additional CWEP requirements are outlined in this guidebook and the CWEP Advising Guide. The Advising Guide, which has been approved by the CWEP Curriculum Committee and GCSW Faculty to help students in planning their coursework, is included in this guidebook and can be also found on the GCSW-CWEP web page (<http://www.sw.uh.edu/community/cwep/>).

Academic Requirements

- 1.01 CWEP students may be required at the discretion of CWEP staff to take Child Abuse and Neglect depending upon their CPS experience
- 1.02 CPS Employees may waive the Child Abuse and Neglect course with the approval of the CWEP staff and substitute Supervision and Consultation, Core Concepts in Trauma Treatment with Children and Adolescents, or Trauma Treatment for Children and Adolescents as the required course.
- 1.03 All three-year degree plans (Hybrid and Online,) students can only enroll in Field Practicum I (FPI), Practice Lab and Assessment during their 2nd semester of their first year.

1.04 Field Education Requirements

- a. For all CWEP students, Field Practicum I and II (FP I and II) placements are to be arranged in agencies outside of CPS and must be related to work with children and families. This represents a total of 400 clock hours.
- b. CWEP students who are not currently employed by CPS (“Non-CPS Students”) will complete Field Practicum III and IV as a block placement within CPS or in an agency deemed appropriate by the CWEP program director. This represents a total of 500 clock hours.
- c. CPS employees will complete Field Practicum III and IV within CPS or in an agency approved and deemed appropriate by the CWEP program director for a block placement of 500 clock hours. Students may not complete Field Practicum III and IV (FP III and IV) at the agency where they completed FP I and II.

1.05 CPS Required Education for CWEP Students: Child Protective Services Professional Development (CPD)

Child Protective Services Professional Development (CPD) is the state required educational component for all CPS employees. CWEP students who are CPS employees have already met this requirement. CWEP students who are not currently CPS employees must complete CPD during the summer prior to enrolling in the concentration year field practicum. CPD consists of a core curriculum and experiential assignments in CPS policies, practice, and procedures. Students are required to attend CPD Monday through Friday from 8:00 a.m. to 5:00 p.m.

- a. CWEP students who are not currently employed by CPS must complete Field Practicum II before beginning CPD. CPD is usually scheduled for the summer semester.
- b. Students will receive academic credits for taking CPD by enrolling in an elective independent study class during the summer semester mentioned above.
- c. CWEP students who are not currently employed by CPS must take CPD in the summer semester before beginning Field Practicum III and IV. Only Fulltime Advanced Standing students can enroll in CPD concurrently with Field Practicum III and IV, during summer semester.
- d. Advanced standing part time students may participate in CWEP as long as their degree plan includes taking the CPD class in the summer prior to their Field Practicum III and IV.
- e. Advanced standing students who have completed CPD prior to entering the GCSW may enroll full time while participating in CWEP.
