

# Policy and Program Challenges in Child Welfare: Implications for Instructional Design

Peter J. Pecora, Ph.D.  
Research Services, Casey Family Programs, and School of Social Work, University of Washington

Presentation for the Council on Social Work Education, October 19, 2017

# SAFE STRONG SUPPORTIVE

casey family programs

SAFE CHILDREN STRONG FAMILIES SUPPORTIVE COMMUNITIES SAFE CHILDREN STRONG FAMILIES SUPPORTIVE COMMUNITIES SAFE CHILDREN STRONG FAMILIES SUPPORTIVE COMMUNITIES SAFE CHILDREN STRONG FAMILIES SUPPORTIVE COMMUNITIES SAFE CHILDREN STRONG FAMILIES SUPPORTIVE COMMUNITIES SAFE CHILDREN STRONG FAMILIES SUPPORTIVE COMMUNITIES

safe children | strong families | supportive communities

# Acknowledgements

Special thanks to the following groups:

- My colleagues in Research Services (Tyler Corwin, Dana Goodman, Erin Maher, Kirk O'Brien, Elena Romani, and Yvonne Humenay Roberts), Child and Family Services, Public Policy, and Systems Improvement at Casey Family Programs for sharing ideas.
- The public and voluntary child welfare leaders and staff who share their challenges and creative solutions.
- The co-authors of the fourth edition of the *Child Welfare Challenge* for teaming up to create a resource for teaching child welfare policy and program design with the Taylor and Francis editors: Richard Barth, Sharon Borja, William Vesneski and James Whittaker.

Contact: [Ppecora@casey.org](mailto:Ppecora@casey.org) Phone: 206-270-4936

# Outline

(H: indicates that a handout has been supplied in the packet.)

- A. Grand Challenges
- B. Prevention and CPS Issues
- C. Out-of-Home Care Issues
- D. Organizational Design, Leadership and Staffing Issues
- E. International Inspirations
- F. Skills to be Developed

# The SW Grand Challenges

1. Ensure healthy development for all youth <http://aaswsw.org/grand-challenges-initiative/12-challenges/ensure-healthy-development-for-all-youth/>
2. Close the health gap <http://aaswsw.org/grand-challenges-initiative/12-challenges/close-the-health-gap/>
3. Stop family violence <http://aaswsw.org/grand-challenges-initiative/12-challenges/stop-family-violence/>
4. Advance long and productive lives <<http://aaswsw.org/grand-challenges-initiative/12-challenges/advance-long-and-productive-lives/>
5. Eradicate social isolation <http://aaswsw.org/grand-challenges-initiative/12-challenges/eradicate-social-isolation>
6. End homelessness <http://aaswsw.org/grand-challenges-initiative/12-challenges/end-homelessness/>
7. Create social responses to a changing environment <http://aaswsw.org/grand-challenges-initiative/12-challenges/create-social-responses-to-a-changing-environment/>
8. Harness technology for social good <http://aaswsw.org/grand-challenges-initiative/12-challenges/harness-technology-for-social-good/>
9. Promote smart decarceration <http://aaswsw.org/grand-challenges-initiative/12-challenges/promote-smart-decarceration/>
10. Reduce extreme economic inequality <http://aaswsw.org/grand-challenges-initiative/12-challenges/reduce-extreme-economic-inequality/>
11. Build financial capability for all <http://aaswsw.org/grand-challenges-initiative/12-challenges/build-financial-capability-for-all/>
12. Achieve equal opportunity and justice <http://aaswsw.org/grand-challenges-initiative/12-challenges/achieve-equal-opportunity-and-justice/>

# Additional Issues and Questions Related to Child Welfare: Prevention and CPS

- What is the community's responsibility for helping to ensure child safety through healthy families? (H, Fig. 1)
- Who is most at risk of severe injury or fatality due to CAN? How do we build policies and practice science for working with caregivers of children ages 3 and under who have been reported to CPS? At risk but not known to CPS?
- What should be the policy and practice science that guides **child abuse hotlines**?

# Fig. 1: Examples of Approaches to Ensuring Child Safety (Pecora, 2017)

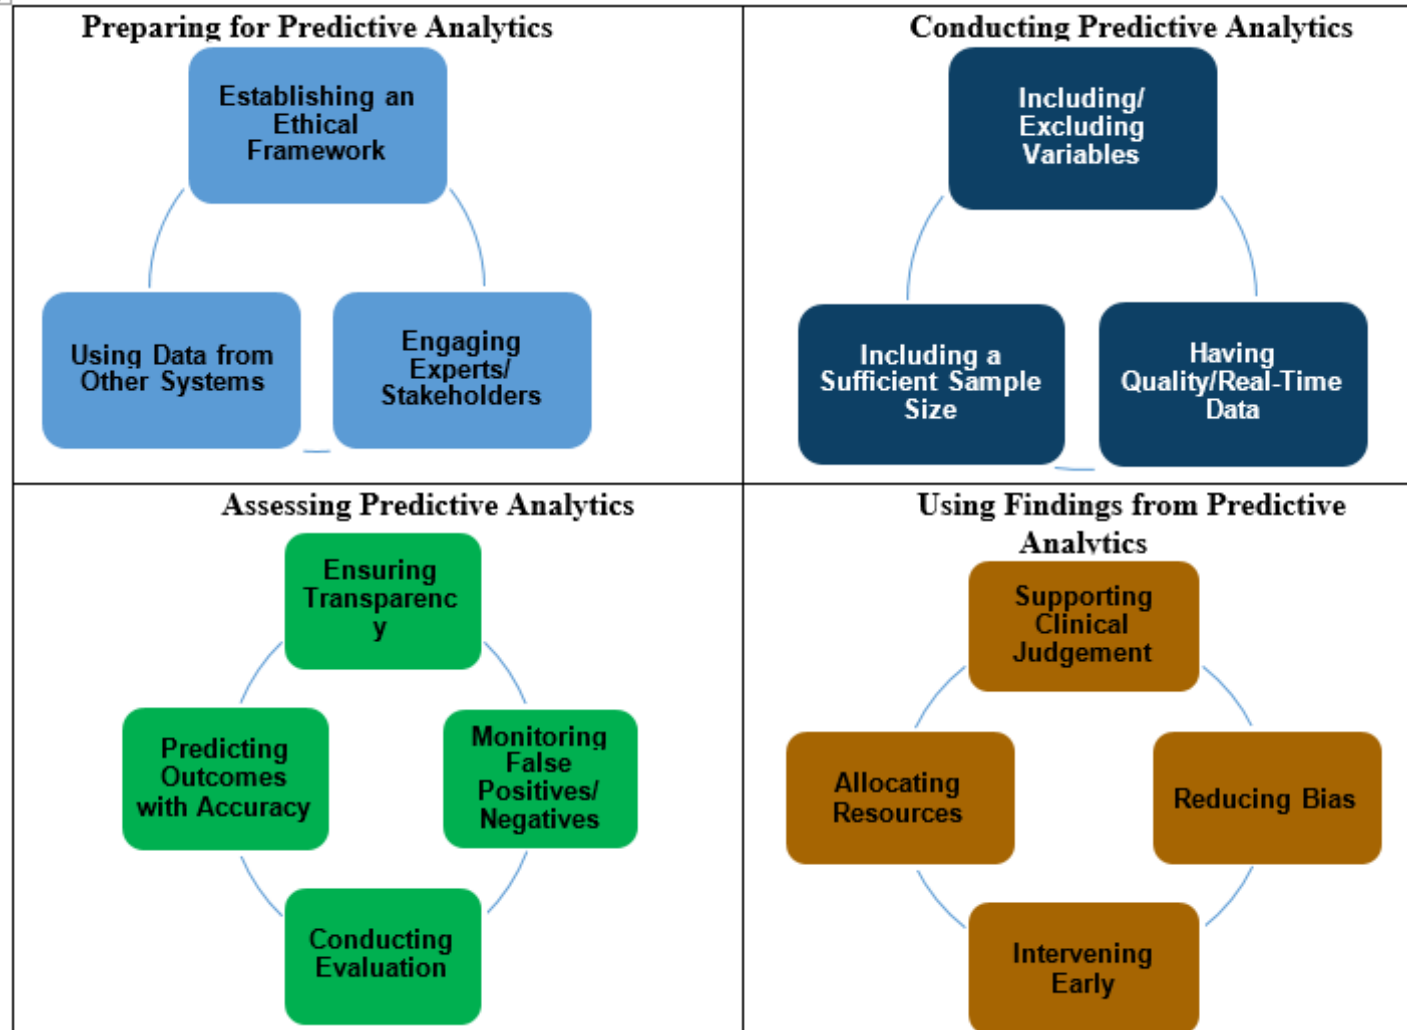

# Prevention and CPS Issues (Cont.)

- What should be the role of geo-mapping and predictive analytics in CPS? In CW? (H, Fig. 1)
- How should we finance, design and deliver family strengthening strategies? (H)
- Should the Indian Child Welfare Act evidentiary standards and other provisions be the standard for all of child welfare practice?
- What can be done to better address intimate partner violence in a way that protects children?

# Figure 2. Considerations in Applying Predictive Analytics

Source: Roberts, Y.H., O'Brien, K., & Pecora, P.J. (2017). *Considerations for applying predictive analytics in child welfare*. Seattle, WA: Casey Family Programs.

# Prevention and CPS Issues (Cont.)

- What are the implications of state variation in CAN definitions and reporting laws?
- Where are the most pressing gaps in prevention services data? CAN and CPS data?
- What policies will help make EBPs more feasible and affordable to implement?

# Out-of-Home Care Issues

- How can collaboration between CPS and law enforcement be strengthened?
- What other policy and practice changes would reduce unnecessary **short stays** in out-of-home care (30 days or less)?
- Why do we not utilize more *whole family* residential substance abuse treatment?

## Out-of-Home Care Issues (Cont.)

- Are we terminating parental rights at too high of a rate in certain states?
- What can be done to minimize “legal orphans” – youth who are freed for adoption but who remain in FC for 2 years or more?

## Out-of-Home Care Issues (Cont.)

- How do we help ensure that a child's first placement is their last placement before achieving legal and emotional permanence? (H)
- Boost foster parent recruitment and retention across different child needs and ethnic groups? (H)
- How do we reduce the need for foster care re-entry? (H, Fig. 3)

# Fig. 3: Post-Permanency Strategies

- ADAPT (A program offering post-adoption supports has been implemented in North Carolina to assist families with older children adopted from foster care.) See:

- Oregon Post Adoption Resource Center: [orparc.org](http://orparc.org)
- Pathways Home (manualized selective preventive intervention that was designed to prevent reunification failures once children are returned home to their biological parent(s) after first-time stays in foster care) See: <http://dx.doi.org/10.1080/1067828x.2013.788884>
- Shared Family Care:  
[http://calswec.berkeley.edu/sites/default/files/uploads/pdf/CalSWEC/san\\_francisco\\_cft\\_shared\\_family\\_care\\_planning\\_and\\_shared\\_coaching\\_manual\\_final\\_7-7-15.pdf](http://calswec.berkeley.edu/sites/default/files/uploads/pdf/CalSWEC/san_francisco_cft_shared_family_care_planning_and_shared_coaching_manual_final_7-7-15.pdf)

## Out-of-Home Care Issues (Cont.)

- When and for how long is group home or residential treatment necessary?
- What reforms are most badly needed in juvenile justice that would prevent unnecessary cross-over youth situations?

# Organizational Design, Leadership and Workforce Issues

- How can we reduce CW agency leadership turnover?
- What could help ensure that key CW policy and other reforms are sustained?
- How can we increase staff retention rates? Worker psychological safety? (Fig. 4)

# Fig. 4: Worker Retention Strategies

## WORKFORCE DEVELOPMENT EFFORTS MATTER

Address workforce issues with multiple strategies based on principles of equity, tolerance, respect, and diversity.

# International Inspirations

- What policies and program design issues should we be considering from other countries? (besides FGC, Signs of Safety, Triple P)
- What challenges are other countries encountering that we can learn from? (E.g., long lengths of stay in out of home care in Australia, high rates of FC re-entry in England)

# Some Key Skills

- Critical thinking
- Policy analysis (H)
- Mapping driving and restraining forces, and other systems dynamics.
- Articulating a policy viewpoint in two minutes.
- Program design (e.g., problem analysis using epidemiological and other data, risk and protective factors)

## Key Skills (Cont.)

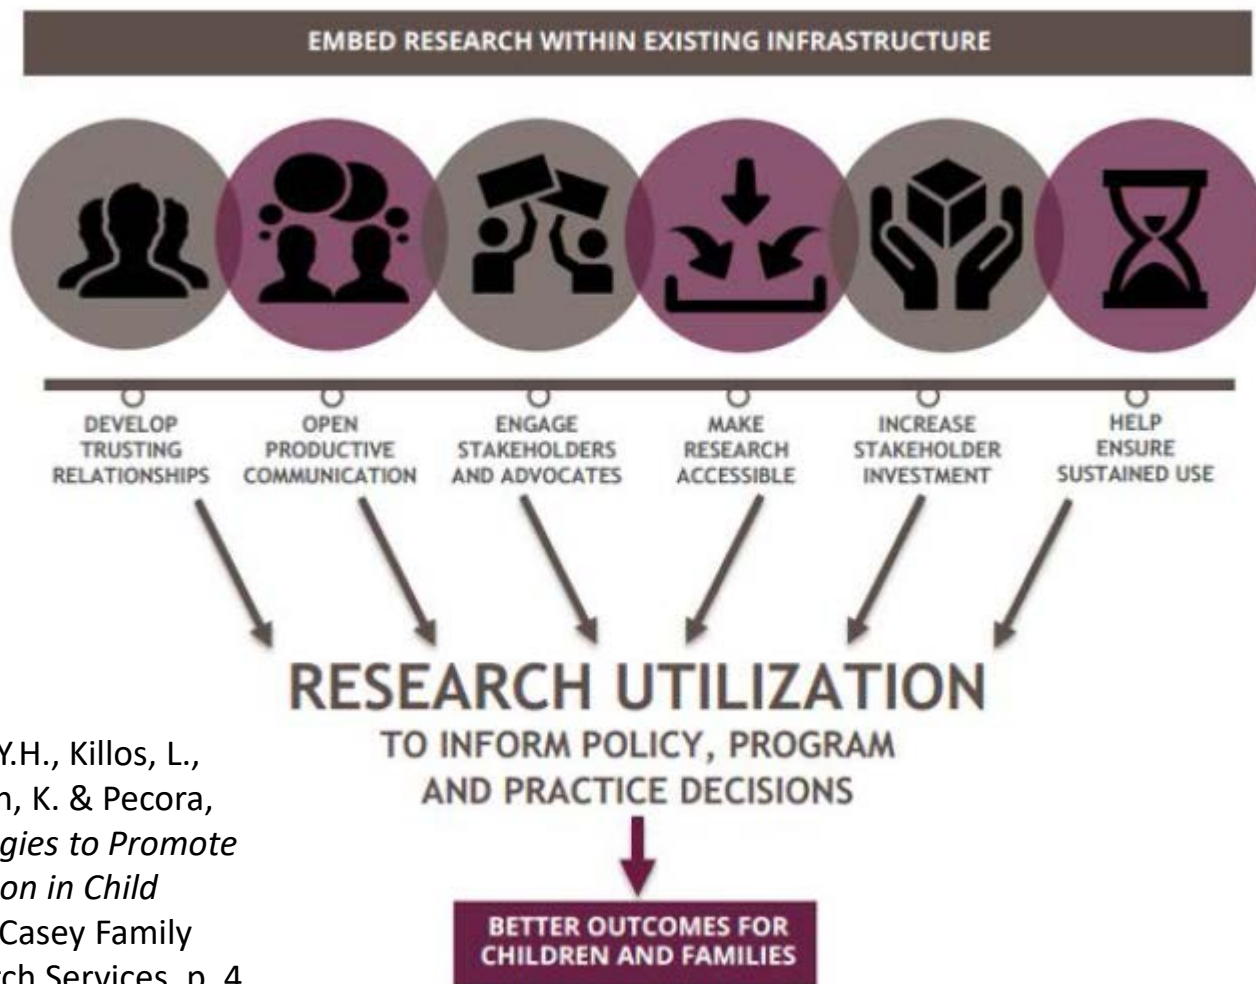

- Understanding the power of trend data, geo-mapping and county and state policy and other data comparisons (Fig. 5)
- Other strategies for achieving policy change?
- How to help agency leaders and staff better utilize research findings? (Fig. 6)
- *Other skills?*
