Launched in January 2020, the Cougar Cupboard served more than 300 students who received more than 6,800 pounds of food before COVID-19 hit. When social distancing was first enacted, the program modified to begin providing prepared bags of food twice a week to more than 35 students a day before closing when the university shut down campus. The pantry reopened in June 2020 with curbside services for students.

To contribute funds directly to the Cougar Cupboard, text the word “wellness” to 71777. Put Cougar Cupboard.
