

Index of Materials for UC Transformation

- Folders
 - Historical Models – Floor plans and budget information (where applicable) for the major floor plans for the UC.
 - Referendum Model – the model used during the 2008 referendum
 - Bookstore Model – the version we used in late 2009/early 2010. Rejected due to lack of financial support from bookstore.
 - East Addition Health Center Model. Rejected due to concerns about infrastructure cost.
 - East Addition Dining Model. Rejected due to footprint size given ability to build over north addition.
 - North Addition Model. Revised after facility condition report in late 2010; was plan until WHR/WTW were brought on board to do professional design.
 - Early WHR Plans – progress drawings from 2011 showing initial design
 - Current Model – the newest floor plans (both current approved plans as well as the ones pending approval for revisions)
 - Master Plan Report – the full text of the 2008 Master Plan Report related to the University Center Transformation Project.
 - SFAC Reports – historical reports to the Student Fee Advisory Committee regarding the progress of the project. Contains incremental historical information. These reports were merged and expanded into the file in the root folder labeled “The UC Transformation Project – Complete History”
 - Site Visit Pictures – Pictures from each of the six site visits we made (IUPUI, SDSU, UCSD, TTU, USF and LSU). This folder also contains roll-up information on the first four site visits.
 - Survey Results – information on the two surveys conducted re: the UC Transformation Project pre-referendum. Results of the April 2008 assessment are also included in the full text of the 2008 Master Plan Report.
- Files
 - Combined Presentation Overview (powerpoint) – a brief overview of the full project, including illustrations, designed to give a birds-eye view of the info contained within.
 - The UC Transformation Project – Complete History (word document) – Full history of the UC Transformation, assembled from SFAC reports plus added content.
