

HOW TO READ YOUR RESUME FEEDBACK

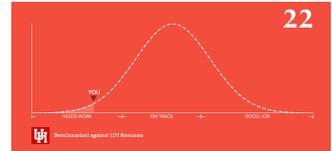

- 1 The first indication of your resume feedback will come in the form of a number and color represented on a bell curve:

Green Zone:
Higher than 70

Yellow Zone:
33 to 69

Red Zone:
0 to 32

- 2 To continue gaining resume feedback, click the [View Feedback] button, then click [See Detailed Feedback]

- 3 The Detailed Feedback score focuses on 3 Core Areas:

1. IMPACT
2. PRESENTATION
3. COMPETENCIES

As outlined to the right you can see the specific assessment areas within each of the 3 Core Areas.

Each Core Area has a score at the top, that is reflective of the overall score from each assessment area.

You can click into each assessment area to gain more insight as well as suggestions for improving that area.

For example, the image to the right is highlighting the **IMPACT** core area and within that, the **Action Oriented** assessment area. As you can see, there is detailed feedback and suggestions for improvement.

We suggest clicking through each section to gain additional insight and should you have any questions, contact our office or schedule an appointment with a career counselor.
