APPROVED DEC 07 2005

Dear Members of the Committee:

In order to reduce redundancy in our existing programs in Spanish and to avoid confusion among our minors and major (for whom this course does not count because it is taught in English), we are requesting that Spanish 4392 "Latin American and Latino Cultural Studies" be dropped from the inventory of courses. Other courses in similar topic areas at the 2000- and 3000- are being added through accompanying cbm forms.
