RE: 2.0 Core GPA

DATE: November 1, 2005

The Undergraduate Catalog (#6, page 72 in the 2005-2007) lists a requirement for a 2.0 Core GPA. Since some students take core courses for purposes other than meeting the state mandate, it is not clear that the requirement should be for all courses *attempted* in the core. In addition, transfer students may bring in a large number of core courses so that a UH core GPA is based on a very limited number of courses. Academic Program Management (APM) requests that Undergraduate Council review the requirement and suggests the following revision:

6. Students must earn a 2.00 minimum cumulative grade point average in all courses taken at the University of Houston used to satisfy the university core curriculum.

Motion was made + seconded to discontinue

The requirement for a core GPA
