RECEIVED APR 05 2006

APPROVED APR 19 2006

To: Dr. Sarah Fishman  
Associate Dean, CLASS  
Date: 27 March 2006  
From: John Seltenright  
Academic Advisor, CLASS Academic Affairs

Academic Affairs proposes removing item *a* listed under number five on page 185 of the 05-07 catalog.

5. *Unless they are obtaining a minor in Health or Kinesiology, or are candidates for teacher certification with a second teaching field in Health or Kinesiology, students may apply credit toward any degree in CLASS for only the following courses offered by the Department of Health and Human Performance:*

- a. HLT 1353, 2320, 3301, 3304, 3306, 3381, 4302, 4306, 4308, and 4310.
- b. No more than three semester hours of KIN or PEB physical activities courses.
- c. KIN 1252, 3300, 3301, 3304, 3305, 3306, 3309, 3325, 3360, 4200, 4307, 4310, 4315, 4325, 4345, 4350, 4355, 4360, 4365, and 4370.

The CLASS section of the catalog allows CLASS majors only to use nine specific courses towards their degree unless they are obtaining a second degree/major or minor in Health or Kinesiology. Education currently offers 16 different courses of which all are advanced except three. Two of the three lower level courses are on the approved list for CLASS majors to use. The last remaining lower level course has been approved for students to petition to have it count. In researching other colleges on campus, no other college on campus has this rule. These courses count as elective credits toward the student's degree. Since none of these courses are physical activity courses, CLASS students should have the same opportunities as other students in having these courses count for elective credit toward their degree. See attached course listing for Health.

If approved, the word Health would be removed from the number 5 statement. The statement would read as follows:
