

University of Houston
Undergraduate Council
Annual Report
Fall 2006-Spring 2007

Submitted by:

Joel A. Bloom, Ph.D. MSE-Chair
University of Houston Undergraduate Council
2006-2007

University of Houston
Undergraduate Council
Annual Report- Fall 2006-Spring 2007

The following document is a summary of the submitted course proposals, policies and procedures, changes in existing and development of new programs within the University of Houston Undergraduate Curriculum. Included in this document are the finalization of discussions and actions taken regarding the Drop Policy and the Undergraduate Grievance Policy. They are separated from the UC document listing because of their controversial nature and representative discussions that ensued. Each of these were vetted and worked for a period of nearly two years prior to submittal to council with recommendation to approve.

In reading the document, please keep in mind that the work of this council remains continuous and some of the proposals have been tabled for further review by any of the three permanent sub-committees.

1. **Items in boldface type are pending Undergraduate Council approval**
2. **Items in red boldface type are tabled for further discussion**
3. **Items in green boldface type are withdrawn from the agenda**
4. **Items in brown boldface type are documents that do not need Council action and are FYI only.**

In addition to regular council business, the meeting agenda often included presentations from campus units or programs that directly influence the Council's operation or that of the University of Houston campus. In 2006, we were presented with the University of Houston Ten-Year Developmental Plan, results of the NCAA-Five-Year Review of the academic standards and ever improving graduation rates for our student athletes, a report regarding campus security, emergency situation planning and the interactive relations with the City of Houston's police and fire departments, the purpose of the UCC and its non- decision making role in determining the best distribution of documents that directly affect faculty and staff across the UH community and we were kept up-to-date with the changes in technology regarding registration, the on-line catalogue, course scheduling, and the faculty ability to verify their course enrollments and administer semester grading. All of these presentations referred to the climate of operation and the ever-changing campus community.

Respectfully submitted,

Dr. Joel A. Bloom-Chair
University of Houston Undergraduate Council 2006-2007

2006 -2007 Undergraduate Council Documents**For Council Information Input or Consideration:**

- UC 8887 06F: Enrollment cancellation and "zapping"**
- UC 8888 06F: Grade changes and GPA for semester/cumulative calculations**
- UC 8889 06F: Incomplete grades (S/U credit only courses) which should lapse to "U"**
- UC 8893 06F: Student Athlete Academic Profile**
- UC 8894 06F: UH SACS Organizational Chart**
- UC 8895 06F: SACS Progress (upload of CV, Syllabi, IE Plans)**
- UC 8982 06F: On-line Catalog Updates**
- UC 9164 06F: TIGER Study Thank You**

APPROVED JAN 24 2007

TO: Joel Bloom, Chair
Undergraduate Council

FROM: Rebecca Achée Thornton
Academic Policies and Procedures Committee

SUBJECT Drop Policy: UC 9186 06F and UC 8942 06F

DATE: January 9, 2007

The Academic Policies and Procedures Committee met several times during the fall semester of 2006 to discuss the proposed drop policy for the university. Committee members present at one or more meetings: Lane Gauthier, Charles Peters, Maria Solino, William Munson, William Chernish and Rebecca Achée Thornton. Agnes DeFranco, John Antel, Cassandra Heavrin, and Libby Barlow attended as guests.

The Enrollment Management Task Force has proposed a new university wide drop policy. Given new enrollment caps set forth by the state, a new policy is needed to help students stay on track for graduation. The current policy, while allowing students maximum flexibility in terms of dropping courses, is not in line with the state funding caps. In order to prevent students from excessive drops, the task force recommends limiting the number of drops a student is allowed.

Proposal summary: Each student will be allowed 6 drops ("Ws") during their tenure at UH. Each W will be initiated by the student ~~online~~, and will ~~not~~ require instructor signature. The deadline for taking a W in a course will be the current last day to drop a course for each semester (i.e. four weeks prior to the last class day of a fall or spring semester, six class days prior to the last class day of a summer I, II, or IV, and three weeks prior to the last class day of a summer III.).

The Q grade can be discontinued since the proposed W is to be used regardless of whether or not the student was passing or not passing the course.

Part of the proposal included a request that the W option be removed from the end of semester grade forms. The committee does not recommend approval of this request. There may be circumstances that warrant instructor assigned Ws at the end of the term. If this option is later determined to be unnecessary a second proposal to remove it can be submitted.

The following section should be revised, as follows, on page 66 of the undergraduate catalog (new catalog language is indicated in bold type; language regarding Q grades and F drops has been removed):

Dropping Courses

Beginning in the Fall 2007 Semester, all students (current, transfer and FTIC students) will be allowed a total of 6 Ws (withdrawals). W's may be used at any time during their college career to drop a course up through the last day to drop a course or withdraw from all courses. When these 6 Ws have been used, the student must complete all

UC 9238 07S

Received 1/18/07

Page 2 of 3

will be the last day to
drop a course for each semester

subsequent courses. When a class which includes a lab (or recitation) is taken concurrently, the dropping of such a class and lab (or recitation) will count as one withdrawal if dropped simultaneously.

The last day to drop or withdraw from a course without receiving a grade is before the Official Reporting Day (ORD). Please see the academic calendar for the exact date. www.uh.edu/academics/catalog/general/academic_calendar.html.

The last day to drop or withdraw from a course with a grade of W or U (in the case of S/U grade) is generally four weeks prior to the last class day of a fall or spring semester, six class days prior to the last class day of summer I, II, or IV, and three weeks prior to the last class day of summer III. Consult the academic calendar for specific dates, www.uh.edu/academics/catalog/general/academic_calendar.html.

Enrollment in a course may be terminated in any one of the following ways:

1. Undergraduate students who wish to drop a course must obtain the signature of the instructor.
2. An instructor may drop students for any one of the following reasons:
 - a. Lack of prerequisites or corequisites for the course listed in the latest catalog, but only through the last day for dropping courses. Students who have not met the prerequisites will be dropped without a tuition refund if the drop date is after the refund date. (Students who enroll in a course for which they are not eligible and then remain in the course knowingly misrepresent their academic records or achievements as they pertain to course prerequisites or corequisites and are in violation of the university's academic honesty policy.)
 - b. Excessive absences, but after the last day for dropping courses only with the approval of the dean of the college in which the course is being offered.
 - c. Causes that tend to disrupt the academic process (except those actions involving academic honesty, which come under the jurisdiction of the academic honesty policy), but after the last day for dropping courses only with the approval of the dean of the college in which the course is being offered. Disruptive behavior includes the use of or the failure to deactivate cell phones, pagers, and other electronic devices likely to disrupt the classroom. Students may make timely appeal of charges through the office of the dean of the college in which the course is taught.
3. After the last day for dropping courses, undergraduate students may drop or be dropped by their instructor from a course with a W or U, as determined by the instructor, only with the approval of the dean of the college in which the course is offered and only for rare, urgent, substantiated, nonacademic reasons.

Students are expected to commit themselves to courses as early as possible in order to succeed in their courses.

The effective date recorded for termination of enrollment for all matters relating to University of Houston records will be the date the student drops the course through the web site at <http://www.uh.edu/enroll/rar> or the date the properly approved current enrollment change request form, written request, or drop report is received by the Registrar's Office, at the Welcome Center.

Students are responsible for verifying that they have been dropped from a course with the Registrar's Office at the Welcome Center. (Students may also use the web site to check their enrollment status.) All F-1 and J-1 international students must see the International Student and Scholar Services Office before dropping courses. Business majors must also secure permission from the Office of Undergraduate Business Programs in the Bauer College of Business. Athletes must see the Assistant Director of Athletics before dropping courses.

Students may not receive a W for courses in which they have been found guilty of a violation of the Academic Honesty Policy. If a W is received prior to a guilty finding, the student will become liable for the Academic Honesty penalty, including F grades.

Students who find it necessary to request either a medical withdrawal or administrative withdrawal from the university before the end of the semester will not have to use their Ws for withdrawal. Likewise, financial withdrawals will not be included in the number of Ws used.

The committee recommends approval of the proposed drop policy.

UC 9277 07S
Received 4/4/07

APPROVED APR 18 2007

TO: Joel Bloom, Chair
Undergraduate Council

FROM: Simon Bott
Academic Policies and Procedures Committee

SUBJECT UC 9261 07S - Undergraduate Grievance Policy

DATE: April 4, 2007

Committee members participating in the discussions (including email communication):
Rebecca Achée Thornton, Charles Peters, Maria Solino, Lane Gauthier, William
Munson, Kevin Simon for William Chernish, and Simon Bott.

The SACS team put forward this proposal to formalize the policy that is present in the
catalog.

The UC considered this proposal at the last meeting for inclusion in the Student
Handbook.

The committee recommends approval of this proposed policy with a slight modification.
Rather than having two different deadlines for grade-related and non-grade issues, the
90 day deadline apply to both.

Thus, the proposal language would be as follows. It is best placed on page 64, under
Final Grade Reports replacing the last paragraph.

"Issues of grievance regarding grades, course requirements and classroom
procedures can occur. The first and best source for resolving the problem is with
the professor. The university expects most issues to be resolved amicably and
informally with the professor. In the event that an informal resolution is not
possible, students may file a written grievance on a General Petition form,
available in departmental and college offices, and at Registration and Academic
Records, 128 Welcome Center. These forms must be filed with the professor
within 90 days of the posting of the final grades for the course. Appeals may be
considered at the following levels, as necessary: Professor, Departmental Chair,
College Dean, Senior Vice President (or designated representatives at all levels).
Faculty are required to retain all evaluated student material for a six month period
after the end of the last class of the semester evaluated." *not previously returned*

Calendar

Because assigning a grade or evaluating a student's work performance involves the faculty's professional
judgment and is an integral part of the faculty's teaching responsibilities, disagreement with an instructor
concerning a grade or evaluation is not a justifiable grievance to be considered under this policy
unless a violation of university, college, or department academic policies or procedures can be shown to
have affected that grade or evaluation.

Please note that appeals for decisions in the following areas are guided by separate appeal
or grievance policies and procedures: Affirmative Action, Academic Honesty, Student
Life, Financial Responsibility.

our mission

The Undergraduate Council is the academic governance committee charged with the responsibility of advising the Office of the Senior Vice President for Academic Affairs and Provost about the qualitative development of undergraduate programs and activities, recommending changes in existing policies or suggesting the need for new ones, and approving new courses, course changes and/or deletions for final approval by the Texas Higher Education Coordinating Board.

Specifically the Undergraduate Council will work with the Assistant Vice President for Undergraduate Studies in advising the Senior Vice President about matters pertaining to:

1. The strengthening and assessment of undergraduate academic programs and curriculum offerings;
2. The setting of standards and priorities leading to academic excellence;
3. The monitoring of college and departmental requirements for baccalaureate degrees;
4. The stimulation and assessment of excellence in teaching;
5. The development and implementation of strategies for the recruitment and retention of undergraduate students;
6. The implementation of crucial recommendations from any campus level, and the impact on the undergraduate student;
7. The refinement and monitoring of admission criteria and process particularly for target populations;
8. Any other matters pertaining to or having an impact on undergraduate education.
