

September 27, 2007

To: Dr. Enrique Barbieri
Chair, Engineering Technology Department

From: Dr. Neil Eldin
Director, Construction Management Program

Subject: Requirements for earning a Minor in Construction Management

RECEIVED OCT 15 2007

APPROVED MAR 12 2008

10/15/07

Dear Dr. Barbieri,

The CMT faculty is hereby requesting your endorsement of the following proposed modification to the requirements for earning a minor in Construction Management. The modifications primarily resulted from the realignment and upgrading of the CM degree plan which required renumbering of some of the courses.

To satisfy the requirements for earning a minor in Construction Management, a student must successfully pass the following courses while finishing a Baccalaureate in Science at the University of Houston:

| Current Requirements* | Proposed requirements |
|---|--|
| Prerequisite: CNST 1330 Graphics-I CNST 1301 Constr. Materials & Methods | |
| Required Courses: CNST 2361 Construction Management-I CNST 2341 Construction Documents CNST 4351 Construction Estimating CNST 3331 Constr. Planning & Scheduling | Required Courses: CNST 1361 Construction Management-I CNST 2321 Mech. & Elec. Systems CNST 2351 Construction Estimating-I CNST 3331 Constr. Planning & Scheduling CNST 3351 Construction Estimating-II CNST 4390 Current Issues in Construction |
| Select one from: CNST 3301 Constr. Equipment & Methods CNST 3321 Mech. & Elec. Systems CNST 3402 Legal Aspects of Construction | |

*Current requirements are listed at: http://www.tech.uh.edu/Departments/Engineering_Technology/Minors/
