MEMORANDA

UC 9544 07F: HRM major degree plan change

A one course was deleted and another course changed from two to three credit hours.

UC 9545 07F: Beverage Management and Marketing Minor (new minor)

This required the addition of catalog language and an addition of a minimum UH cumulative GPA of 2.75 to enter this minor degree program.

UC 9673 07F: B Music with Elective Studies in Teacher Certification degree plan change

Changes were made to reduce the number of hours in the program, meet expectations of the National Association of Schools of Music, and to reflect new courses.

UC 9700 07F: BS in Nutrition: Accredited Dietetics track degree plan change

1) A business course was removed because of restricted enrollment and 2) two courses were added to the degree raising the requirements from 125 to 128 hours to comply with their accreditation body.

UC 9701 07F: BS Nutritional Sciences (degree track name change)

Current degrees included an accreditation track and a non-accreditation track and the names of the degrees confused some students. The non-accreditation track was renamed to Bachelor of Science in Nutritional Sciences to better distinguish it.

UC 9702 07F: BS Nutritional Sciences degree plan change

The non-accreditation track for student studying nutrition has migrated into a pre-professional studies degree. More appropriate course work for students with such goals would include the science courses consistent with prerequisites for targeted programs. Therefore, changes were made in the curriculum to removed food preparation lectures and labs and add appropriate science courses. The degree was reduced from 123 hours to 122 hours.
