Dear <name>

Congratulations, on being admitted to the University of Houston. You have taken the first step in building a successful future. We are proud that you have chosen the University of Houston to be your institution for higher education .

Now, there are a few important steps that you must finish to complete your admissions process. Included with this letter, you will find a brochure titled, "*So, what's next?*". Take a look at the check list inside for specific directions, web sites and phone numbers.

These steps are time sensitive so please do not hesitate to complete your checklist as soon as possible. Remember, this is the start of your future and it is up to you to strive to do your best.

It is also important to note that due to limited facility space, some undergraduate majors have higher criteria than other majors and academic plans. These majors include Architecture, Business, Engineering, the School of Music, Pharmacy, Computer Science, Hotel & Restaurant Management, Information Systems Technology, and Health & Human Performance.

Final High School Transcript:

Upon graduation from high school, please ask your registrar or counselor to send your final transcript with the date of graduation to the Office of Admissions. We must receive this information before spring enrollment begins.

This is your time and the University of Houston is your place.

Congratulations Cougar.

Sincerely,

Josephine Anderson
Interim Director of Admissions
University of Houston
