MEMORANDUM

TO: Agnes DeFranco
Assistant Vice President for Undergraduate Studies

FROM: John Hardy, Associate Dean *John Hardy*
Ian Evans, Associate Dean *IE*

DATE: August 17, 2009

SUBJ: Biology-Medical Technology degree

We write as a response to your request for justification for the 135 semester hours required for the B.S. in Biology-Medical Technology degree.

The College of Natural Sciences and Mathematics will initiate a thorough review of this degree program early in the fall 2009 semester. The review will include a consideration for a reduction in semester hours to 120, if possible. Also, a new degree program may emerge which will replace the current one. Whatever the result of the review, likely substantial changes will be recommended.

We will keep you informed as the review progresses.
