RECEIVED OCT 16 2009

Department of Mathematics Memorandum

Date: September 15, 2009
To: Ian Evans, Associate Dean, NS&M
From: Charles Peters, Director of Undergraduate Studies 
RE: Pairing of Math 3396 and Math 4389 for NS&M Capstone credit

For students entering our baccalaureate programs in Fall 2010 or later the Department of Mathematics wishes to rescind the pairing of Math 3396: Senior Research with Math 4389: Survey of Undergraduate Mathematics for NS&M Capstone credit. This pairing was created as an inducement for students to take Math 4389. Since Math 4389 is now a required course, it is no longer needed.

Approved.
