SUBJECT: UC 10492 09F: Changes to Architecture Degree Programs

DATE: December 9, 2009

The Committee met on Wednesday, December 2 to review two changes in the course work required for all degrees in the College of Architecture. Participating in the consideration of these changes were Betty Barr, Miranda Bennett, Debbie Hermann, Iain Morrison and Richard Scamell.

The first change involves the substitution for the new course, ARCH 1359: Design Since 1945, for the required architecture history elective in architecture. In addition, ARCH 1359 has been proposed as a core writing in the disciplines course. The second change combines two one semester hour courses ARCH 1100:1101: Introduction to Architecture and Industrial Design into one two semester hour course ARCH 1200: Introduction to Architecture, Industrial Design, and Interior Design. The total number of semester hours for the Bachelor of Architecture, Bachelor of Science in Environmental Design, Bachelor of Science in Industrial Design, and Bachelor of Science in Interior Architecture degrees does not change.

The Committee recommends approval of UC 10492 09F.
