RECEIVED FEB 02 2010

Owing to budgetary constraints that limit our ability to support development of new programs, the College of Liberal Arts and Social Sciences will discontinue the minor in Visual Studies, effective Fall 2010. We will allow students who have declared a minor in Visual Studies by filing a degree plan this Fall, 2009, to complete the minor. We intend to stop accepting new minor degree plans in the Spring of 2010, with the approval of the Committee.
