The Health faculty at the college have put their courses into sub-plans on the BS Health degree. This will help the students understand what they are getting and help identify the degree better with the various medical agencies etc in the area and around the country.

Marshall Schott has been helping us and he has noted that a courtesy copy should be provided to the UG Council.

The degree with the 3 sub-plans are attached.

Dr. Jacqueline Hawkins  
Associate Dean, Institutional Effectiveness and Outreach College of Education, University of Houston
