UC11579: BIOL 3359: Environmental Biology of Texas  
UC11580: BIOL 4368: Ecology

BIOL 3359 is a new course which has been taught as a topics course. Prerequisites for BIOL 4368 are changed from BIOL 3301: Genetics to the introductory Biology courses. The committee recommends approval.

UC11581: CHEM 1117: Fundamentals of Chemistry for Engineers Laboratory  
UC11582: CHEM 1372: Fundamentals of Chemistry for Engineers  
UC11583: CHEM 4365: Inorganic Chemistry II

There were minor changes in the course descriptions of CHEM 1117 and 1372 to expand the list of majors the courses apply to. CHEM 4372 was added to the prerequisites for CHEM 4365. The committee recommends approval.

UC11647: CHEM 1131: Problem Solving in Chemistry I  
UC11648: CHEM 1132: Problem Solving in Chemistry II  
UC11649: CHEM 3131: Problem Solving in Organic Chemistry I  
UC11650: CHEM 3132: Problem Solving in Organic Chemistry II  
UC11651: IDNS 1111: Physics 1321 Workshop  
UC11652: IDNS 1112: Physics 1322 Workshop  
UC11653: IDNS 1231: Calculus I Workshop  
UC11654: IDNS 1232: Calculus II Workshop  
UC11656: IDNS 1233: Calculus III Workshop  
UC11657: IDNS 1101: Physics 1301 Workshop  
UC11658: IDNS 1102: Physics 1302 Workshop  
UC11659: IDNS 2197: Selected Topics – Natural Sciences and Mathematics

These course changes merely align the number of lecture lab hours with the number of credit hours. The committee recommends approval.
