

UC 12265 13S

UNIVERSITY of HOUSTON

CULLEN COLLEGE OF ENGINEERING
OFFICE OF THE DEAN

APPROVED APR 24 2013

MEMORANDUM:

RECEIVED FEB 14 2013

Date: February 12, 2013

To: Undergraduate Committee

From: Engineering Undergraduate Curriculum Committee
Faculty Contact: Ting Chen (X28887)
Department of Biomedical Engineering

Re: BIOE Undergraduate Major GPA

This memorandum is to seek approval to change the way the undergraduate major GPA is computed by the BIOE department.

Currently the catalog states:

Hours in the major include all BIOE courses plus ECE 1331, CHEE 2332, ECE 2100, ECE 2300, ECE 3337 (Neuroengineering Option only) and ECE 3455 (Neuroengineering Option)

The BIOE Academic Standards Committee voted to omit CHEE 2332 and ECE 3455, since students are no longer required to take these courses and include any Engineering Computing XXXX 1331 course taken, CHEE 2331 and MECE 3400 and for those students that choose the Neuroengineering Option, ECE 3337, 3155, 3366 and 3456. Thus the catalog should state:

The major grade point average is calculated using all BIOE courses as well as all Engineering Computing XXXX 1331 courses, CHEE 2331, ECE 2100 and 2300, and MECE 3400. In addition, for those students that choose the Neuroengineering option, the major grade point average will also include ECE 3155, 3337, 3355, 3366 and 3456.
