

UCC 0275 12F

Deans Council Responses (Architecture Dean) to UCC 0273 12F – Emergency
Management Policy

RECEIVED SEP 27 2012

Jeanette:

FYI. I do see why a dean would be confused by this wording, since they think of the word "department" as referring to academic departments, which is not the case in this policy. It probably needs to be clarified.

Subject: Re: Policies Under Review

Elaine:

I have no issues with the MAPP policies listed below, but I do have one question about UCC 0273_12F, Page 9-10, D.2. Departmental Responsibilities. Would it be possible to define what departments this is referring to? I mention this because in our Emergency Management document for the college, departments refers to academic departments. I think a little clarification here would be useful.

Thanks,
Patricia
