Great news! The Public Service Fellows Program application is now open. Please share this exciting opportunity with your students.

The Program:

The Partnership for Public Service is seeking current students or recent graduates to join our team and contribute to our mission.

- * Are your students passionate about public service?
- * Are they looking for an opportunity to develop their skills and gain valuable experience?
- * Are they looking for a paid position in the heart of Washington, D.C.?

If so, please encourage them to apply for the Partnership's Public Service Fellows

Full-time fellows with undergraduate or graduate degrees will receive a \$1000 per month stipend. Full-time fellows who are currently undergraduate students will receive an \$800 per month stipend. Volunteer applications will also be accepted.

Selection Process:

Fellowship positions are available in nine different focus areas. Recent graduates and students are eligible for the program, and they should apply for a particular position(s) based on their skills and interests. They may apply for multiple fellow positions, but must fill out an application for each position individually. Click here
